2026 Registration Information

- Register as early as possible. Several events offer discounted pricing for early registration. ***Late registrations will result in a price increase***, so please avoid waiting until the last minute.
- List your entire family on one registration. As a general rule (*feel free to call if unsure*): if you have an adult son or daughter who no longer lives at home and has their own family, they should complete their own registration as their own member or guest.
- For children 12 and under, please list their age and gender on the registration form so we can prepare something special for them.
- Guests must complete a separate registration form. This ensures costs are calculated correctly.

Example: If members John & Jane Doe invite non-members Steve & Sue Smith and their daughter Sally, John would complete a membership registration for himself and Jane, and Steve would complete a separate Registration Form for his family, listing John as the Member Sponsor. This ensures guests receive a full registration packet.

- If you cannot attend the full meet, please call to receive adjusted rates.
- List your main chapter (the region where you live) and any other chapters you belong to. This is the only venue where we can connect long-distance members, and listing your chapters helps us find who from your regions is attending.

As usual, adhoc auction items will be accepted when you arrive. If you already know what you are bringing by the time you send in your Meet Reservation, include a note with a description of the item(s), or you can email our auction item organizer, Gail Forbes at: gayle4bees@icloud.com

Attending the meet:

If you're traveling here by car, no matter which direction you're coming from, be sure to allow a little extra time so you can enjoy the many historical and geographical points of interest along the way. Once you arrive, take a moment to really experience Idaho — it's a beautiful region with remarkably diverse landscapes and climate.

We truly hope you enjoy the area enough to stay a bit longer or return again someday. If you'd like suggestions for places to stop during your trip, feel free to give us a call; we're always happy to help.

And lastly, if you want to come early or stay late and need some place to park your car/trailer for some time, we will find you a safe place to park it for a bit. Again, give us a call and we will help you work things out.

The 2026 event T-shirts are a heather gray, made from a soft, comfortable 50/50 blend and come in an impressively wide range of sizes so everyone can get the perfect fit. This year, we're also offering something special for the ladies — a women's-cut option that's far more flattering and comfortable than the standard men's shirts we've used in the past.

The design ties directly into the event: the front features a clean, small graphic on the left chest, while the back showcases a bold, full-size version that matches the dash plaques and really stands out. It's a shirt you'll want to wear long after the event is over.

To order, fill out the following form and include the total from this page on the line marked "T-Shirts" on the registration form and include it in your total registration costs.
